

Total Control With Precision

RS PRO LOGO INTRODUCTION

RS Pro is the latest product from KYB-UMW Malaysia Sdn Bhd. **KYB RS PRO** performance suspension is one of the best products that has ever been produced and with its latest technology it suits today's demand in driving pleasure. **KYB** definition of **PRO** is Precision, Responsiveness and Originality.

P for Precision. The engineering of **KYB RS PRO** is precise without compromising on quality. It has a high sensitive valving system which comprises of three stage compression valve which is self adjusting with full double action for fast recovery. This latest technology is built to perfection and refinement.

R is for Responsiveness. **KYB RS PRO** is tailored made to react to each individual's driving style. It is built to drive one's passion to make it a pleasant and comfortable ride.

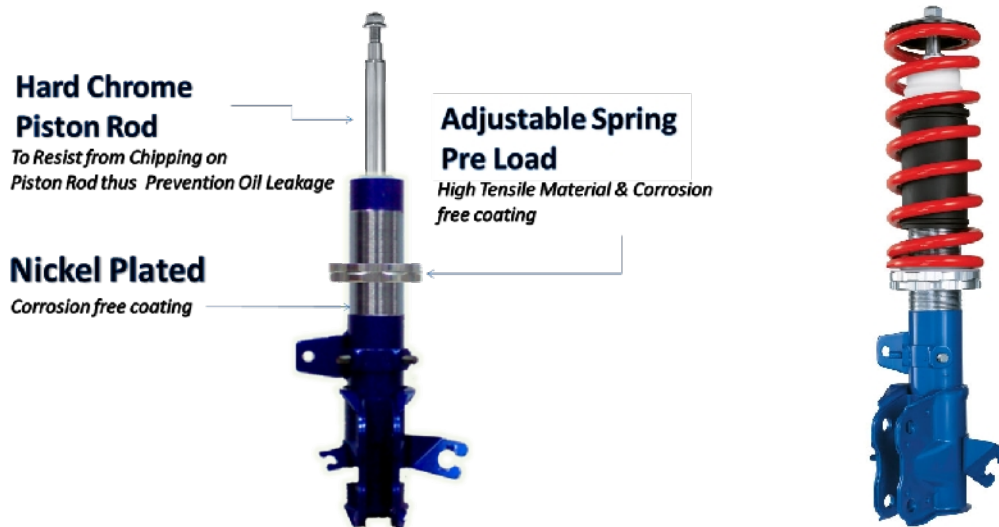

O stands for originality. **KYB RS PRO** performance suspension uses **KYB** original patented damper oil to cool and disperse heat. It is made to withstand all weather conditions to ensure you have a trouble free ride.

PRODUCT TAGLINE: TOTAL CONTROL WITH PRECISION

The Cheetah is the fastest animal on land and is truly built for speed. When the cheetah zeros in on its prey and is in hot pursuit, it can reach speed of up to 114 km per hour. With its awesome speed, its attack is devastating. There is very slim chance of escaping. On full flight, its long tail acts as a rudder for balance and control, thus targeting its prey with precision.

KYB RS PRO is engineered to the characteristics of the cheetah. **KYB RS PRO** performance suspension offers the ultimate in driving pleasure. Its high tech features ensure

your drive is safe and secure in whatever driving conditions. This superb engineered performance suspension is built to drive one's passion for speed, leisure and comfort.

Product Information

KYB RS PRO, engineered by KYB Japan's technology, offers the best in driving pleasure. Precision, Responsiveness and Originality is the key to the success of KYB RS PRO performance suspension.

Performance

- Proven by Ralliart, TRD & others brand in its motorsports activities. Trusted name in performance technology
- Co-efficient between the damper and spring provides superb handling capabilities
- Assist in braking efficiency, ensuring safety

Unique features

- Replaceable cartridge for choice of driving preference : soft, medium or hard
- Cost saving as you need to only purchase the cartridge to suit your driving style
- Easy maintenance
- Adjustable spring height – makes the vehicle sportier
- Better ride

Durability

- Made of high tensile steel for rigidity and toughness
- Multi lip oil seal to disperse heat and resistant to high pressure
- Prolong damper life and consistent in performance
- Multi stage valving technology for quick response

- Adaptable to any road conditions
- Compatible and working in sync between the spring and oil seal to prevent friction for smoother movement
- Original KYB damper oil to maintain viscosity even in high temperature
- Nickel chrome interior and epoxy paint on the surface for protection and long lasting

SUSPENSION

REPLACEABLE CARTRIDGE
